HIC-LC3-24 Meeting Note

Synthetic training content. Not a real Holcim trial report.

HIC-LC3-24 meeting note

Date: 3 November 2026 (training date)
Attendees: HIC lab lead, Loire Plant quality (synthetic roles)
Subject: Kickoff of plant-handover working session

Decisions
- A 45-minute working session is still needed. It is not on the calendar yet.
- The protocol file name to attach in Gmail search is hic-lc3-24-trial-protocol.pdf.
- Agenda: plant-ready mixes, calcined-clay silo allocation, innovation review board pack.

Not decided
- Which mixes stay in the plant-ready set
- Silo allocation
- Who presents to the review board

This note has no compressive-strength table. Numbers live in the interim results PDF.
